SUMMARY

Full Stack Developer with hands-on experience building responsive web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and REST APIs. Experienced in developing reusable UI components, integrating backend services, optimizing application performance, and collaborating in Agile teams using Git. Familiar with MongoDB, MySQL, and cloud fundamentals on Microsoft Azure. Passionate about AI-assisted software development using ChatGPT and Cursor AI to improve development productivity, debugging, and code quality while continuously building scalable, user-focused web applications.

SKILLS

Programming Languages: JavaScript (ES6+), HTML5, CSS3, Python (Basic)

Frontend: React JS, Tailwind CSS, Bootstrap, Next JS (Basic)

Backend: Node JS, Express JS

Databases: MongoDB, MySQL

Cloud: AWS Cloud Foundations, Microsoft Azure Fundamentals

Version Control: Git, GitHub

Developer Tools: VS Code, Cursor AI, Google Colab, Anaconda Navigator

APIs & Concepts: REST APIs, Responsive Web Design, WCAG Accessibility, Debugging, API Integration

AI Tools: ChatGPT, Cursor AI, Prompt Engineering, Generative AI

EXPERIENCE

REACT DEVELOPER

ADI Tech | Ahmedabad, India

Dec 2025 – Present

- Developed and maintained responsive web applications using React.js, JavaScript (ES6+), HTML5, and CSS3, ensuring scalable and user-friendly interfaces.
- Built reusable React components and implemented state management to improve application maintainability and performance.
- Integrated REST APIs and managed asynchronous data fetching for seamless frontend-backend communication.
- Optimized application performance using lazy loading, code splitting, and cross-browser compatibility techniques.
- Collaborated with UI/UX designers, backend developers, and QA teams to deliver high-quality features within Agile sprints.
- Utilized Git and GitHub for version control, code reviews, and collaborative development.
- Leveraged AI-assisted development tools such as ChatGPT and Cursor AI for debugging, code optimization, and faster feature implementation.
- Diagnosed and resolved production issues to improve application stability and user experience.

WEB DEVELOPER

NS Global Corporation | Rajkot, India

Oct 2024 – Dec 2025

- Developed responsive websites and web applications using HTML5, CSS3, JavaScript, React.js, and Python.
- Troubleshooted frontend issues, browser compatibility problems, and application bugs to improve overall application performance.
- Optimized SQL and MongoDB queries, enhancing data retrieval efficiency and application responsiveness.
- Collaborated directly with clients to gather requirements and translate business needs into technical solutions.
- Prepared technical documentation and supported team members with Git workflows, deployment processes, and development environment setup.
- Worked closely with cross-functional teams to deliver projects within deadlines while maintaining code quality.

PROJECTS

Enterprise Business Solution Website

Jan 2025 - Apr 2025

Tech Stack: React, Next, Tailwind, JavaScript ES6+

- Developed a responsive business website using React.js and Next.js with reusable component architecture and server-side rendering.
- Built dynamic user interfaces using React Hooks and component-based state management for improved scalability.
- Integrated REST APIs to support dynamic content rendering and efficient data flow.
- Improved website accessibility by implementing WCAG guidelines and optimized Core Web Vitals for better SEO and performance.
- Utilized Git for version control and AI-assisted development tools (ChatGPT and Cursor AI) to streamline debugging, code reviews, and feature implementation.
- Reduced development effort by approximately 40% through reusable components and AI-assisted development practices.

Personal Portfolio Website

Jun 2025 - Aug 2025

Tech Stack: HTML5, CSS3, JavaScript

- Designed and developed a fully responsive personal portfolio website showcasing projects, technical skills, and achievements.
- Built interactive UI components and optimized website performance for faster loading and improved user experience.
- Integrated contact forms and social media links to enhance user interaction.
- Applied responsive design principles to ensure compatibility across desktop, tablet, and mobile devices.
- Maintained clean, modular code and followed accessibility best practices.

EDUCATION

Bachelor of Technology in Computer Engineering

• Atmiya University • Rajkot, IN • 2025 • 7.98/10
